MEDICAL PRODUCTS

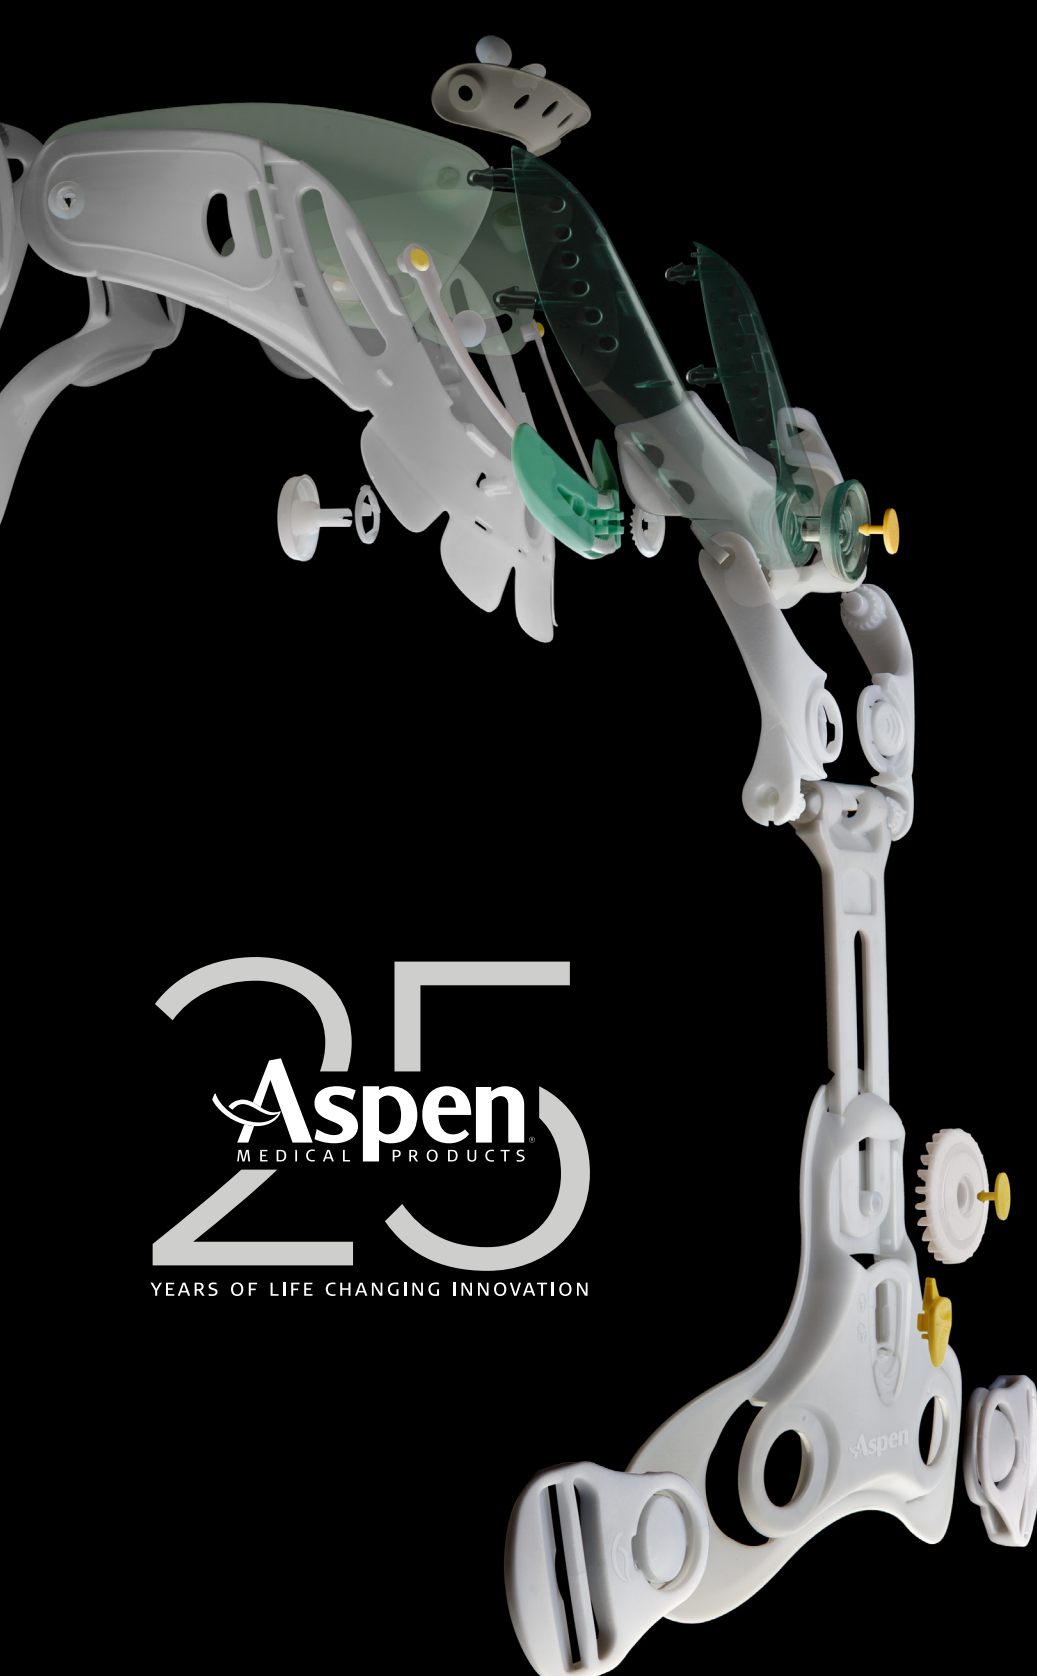

Life Changing Innovation

Only a medical professional can decide whether a brace is appropriate for a particular indication. Please consult your physician.

YEARS OF LIFE CHANGING INNOVATION

With more than 25 years of research driven design, Aspen is committed to developing the highest quality products that make a difference for our customers and their patients. Backed by peer-reviewed studies, biomechanical analyses and industry leading research, Aspen products are designed to help improve patient outcomes - whether it's providing therapeutic motion restriction, reducing skin breakdown, improving posture or reducing muscle spasm. Aspen continues to help drive industry standards in spinal bracing for efficacy, quality, design and outcomes. Aspen's core philosophy is centered around innovating and advancing clinically-based solutions that help patients get back to the activities they care about.

Aspen Spine

Spine Treatment Categories

We are dedicated to developing clinically-based solutions that serve our customers' needs while enhancing patients' daily lives. Driven by this mission, we created our treatment categories as a way to help providers treat their patients based on their unique needs instead of trying to make one brace work for all of their patients. With this in mind, our treatment philosophy is simple. Specific braces for specific patients.

Acute Restriction PROTECT

The Aspen Acute Restriction Line is designed to provide a controlled environment for healing. These braces provide optimum motion restriction.

Aspen Vista™ Cervical Collar Aspen Vista™ TX Collar	Aspen Vista™ MultiPost Collar Aspen Vista™ ICU Back Panel	Aspen Vista™ CTO4 Aspen Vista™ CTO	17

Aspen® TLSO	Aspen® LSO	Aspen® LSO LoPro	49

Pain Therapy TREAT

The Aspen Pain Therapy Line aims to enhance trunk stiffness by reducing the load on overworked muscles. These braces deliver clinically tested technology designed to provide trunk stability and targeted compression to help reduce some of the symptoms associated with muscle fatigue.

Active Influence RESTORE

The Aspen Active Influence Line focuses on promoting a more natural anatomical alignment for patients suffering from postural conditions. These innovative braces provide postural support with the goal of reducing symptoms caused by an unbalanced body position.

Evergreen 621 SI Belt

A woman with blonde hair in a ponytail is sitting on a light-colored couch. She is wearing a red tank top and blue jeans. She is wearing a green and white Aspen Upper Spine cervical collar around her neck. She is holding a black remote control in her right hand. The background shows a window with a view of greenery outside.

Aspen Upper Spine

Aspen Vista Upper Spine

Aspen Vista Cervical Collar
 Six sizes in one collar
 Dial height adjustment
 Effective motion restriction
 Reduce inventory and waste
 Improved skin care
 Code L0172 approved

Aspen Vista TX Collar
 Thoracic extension
 Extended support
 Code L0174 approved

Aspen Vista MultiPost Collar
 Pivoting occipital panels
 Designed to reduce pressure
 Superior motion restriction
 Fully adjustable front and back panels
 Code L0180 approved

Aspen Vista ICU Back Panel
 Extended back panel height
 Dual-density foam
 Designed to reduce pressure
 Effective motion restriction
 Open by design

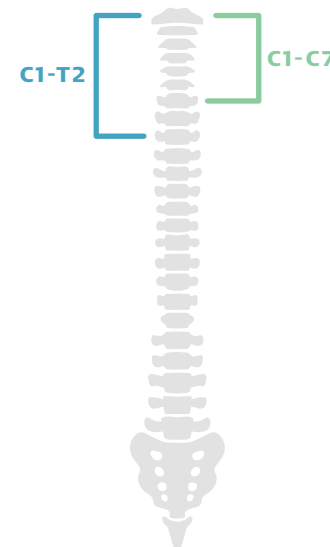

Aspen Vista CTO4
 Maximum motion restriction
 Comfort without compromising care
 Supports progression of care

Aspen Vista CTO
 Maximum motion restriction
 Multiple adjustment points
 Accommodates anatomical changes

A man with dark hair, wearing a green long-sleeved shirt and light-colored shorts, is sitting on a green metal park bench. He is leaning forward, holding a blue leash attached to a black dog sitting on the sidewalk. The man is wearing black knee braces on both knees, with the word "Aspen" visible on the right brace. The dog is looking to the right. The background shows a park with trees and a paved path. A dark grey rectangular box is overlaid on the right side of the image, containing the text "Aspen Extremities" in white.

Aspen Extremities

Aspen OA Knee+

Aspen OA Knee+
Comfortable fit
Adjustable stops allow you to set the range of motion
Two point hinge adjustment
One-step closure system for easy don and doff
Suggested HCPCS: L1843/L1851
