## Shoe Fitting Guide

SafeStep features brands whose shoes come in multiple widths, some from extra narrow (4A) all the way to extra-extra wide (6E). Most feet are fit with Wide width shoes, next most commonly with X-Wide, then with Medium. For best results, fit shoes objectively to determine the optimum size.

### Women's Shoe Widths

<b>4A</b> X-Narrow	<b>2A</b> Narrow	<b>B</b> Medium	<b>D</b> Wide	<b>2E</b> X-Wide	<b>4E</b> XX-Wide
-----------------------	---------------------	--------------------	------------------	---------------------	----------------------

### Men's Shoe Widths

<b>2A</b> X-Narrow	<b>B</b> Narrow	<b>D</b> Medium	<b>2E</b> Wide	<b>5E</b> X-Wide	<b>6E</b> XX-Wide
-----------------------	--------------------	--------------------	-------------------	---------------------	----------------------

***Don't ask for a size. Ask to be fitted.***

## MAKING EVERY STEP COUNT

SafeStep is dedicated to serving individuals, families and their foot care providers by offering the highest quality shoes and inserts to help foster a healthier and more active lifestyle.

For people with diabetes, SafeStep offers the most comprehensive selection of comfortable, extra depth, reimbursable footwear available, in styles that range from dress to casual to athletic.

SafeStep was founded by a podiatrist to help bring doctors and patients together in a collaborative spirit to “make every step count”. See our full collection of shoes online at [SafeStep.net](http://SafeStep.net).

# OHI 1SCAN

Portable

Affordable

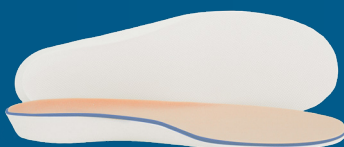

Quick & Easy

## Latest Cloud Based Scanning Technology to Bundle CDIs & Footwear

Cloud-based technology provides the flexibility of transitioning between the iPad and your office computer seamlessly. Choose to use the Web App on your office computer to set up patients OR do it on the spot in the exam room. Capture CDI scans quickly and easily using the iPad + Structure Sensor Scanner. Scans appear on the Web App and on the iPad ready to be attached to your order form. Track the progress of your orders at a glance through the dashboard on your computer. After completion, you will receive the same high-quality custom diabetic inserts you've come to expect from Apex. Footwear and CDI orders will be bundled and shipped together.

All you need to get started is a Structure Sensor to be used along with your iPad. Use your hardware to download our cloud-based App, and you're all set!

# THE STATISTICS ARE OVERWHELMING!

## Be a Part of the Solution!

Falls among our senior population are a little-known secret in healthcare. Most people who are having balance problems believe that falling is just a part of getting older.

They keep it secret from family, friends and doctors for fear of losing their independence. Then they have a really bad fall and break their hip...or worse.

One in three Americans aged 65 or older falls each year

Every 11 seconds, an older adult is treated in the emergency room for a fall

Every 19 minutes, an older adult dies from a fall

Falls are the leading cause of death from injury among Americans age 65 or older

## ASK ABOUT OUR FALLS RISK MANAGEMENT PROGRAM FOR YOUR PRACTICE

(You may qualify for a complimentary listing on [myfallrisk.com](http://myfallrisk.com))

## BALANCE FOOTWEAR

The **Apex Balance Shoe (ABS)** is the first-ever footwear scientifically designed to reduce one's risk of falling.

MENS STRETCH

**Jēba** men's and women's compression hosiery wear includes preventative and medical gradient compression levels, available in mild/moderate 15-20 mmHg and moderate/firm 20-30 mmHg compression. Jēba combines function and fashion, but more importantly comfort and support.

Our experts reviewed and compared the leading brands in the industry before designing a compression hosiery line that would take the best of the best, and came up with a superior product line. Jēba is made from premium yarns, using the most advanced manufacturing technologies in the industry to ensure top-quality and optimum outcomes with lower extremity health and wellness in mind.

### Jēba Features:

- Easy-on and easy-off graduated compression
- Non-slip support for thigh-high and pantyhose styles
- Non-binding top bands
- 100% latex-free materials
- Durable and breathable material blends

### Designed With You in Mind

Different conditions and lifestyles require different compression levels. Our sock and hosiery products are designed with every customer and lifestyle in mind.

### Jēba is recommended for the following conditions:

- Venous stasis – blood clotting and pooling
- Lower extremity pain and fatigue
- Circulation issues resulting from diabetes
- Edema/swelling
- CVI (Chronic Venous Insufficiency)
- DVT (Deep Vein Thrombosis)
- Phlebitis – inflammation
- Venous ulcers
- Lymphedema

### Jēba is ideal for the following People:

- Those who suffer from diabetes
- The Aging and Elderly
- Those with venous diseases
- Runners & athletes
- Those who work on their feet
- Frequent travelers

**Styles you will love. Quality you can trust. Prices you will appreciate.**
